

The Eagles Landing-This Nest Is Built for Everyone! (An Inclusive Outdoor Space for All) Riverview East School Fundraiser

Formed at the beginning of 2025, the Riverview East Inclusive Play Space Committee is made up of parents, teachers, and administrators from Riverview East School. The committee's mission is to create a safe and inclusive outdoor play space that welcomes all children and community members of East Riverview, regardless of ability.

The new play space will be built separately from the school's existing playground and will feature areas that encourage both physical and creative play. This initiative will benefit students at Riverview East School as well as families throughout the East Riverview community.

We are scheduled to begin building this space in the 2025-2026 school year.

Thank you for your support!

Donors are eligible to receive an income tax receipt for contributions \$25 or greater.
